Install Android Studio:

Android Studio Setup

Uninstall old version

A version of Android Studio is already installed. It is recommended to remove older versions of Android Studio before continuing.

Found in: C:\Program Files\Android\Android Studio

☑ Uninstall the previous version
(Settings and configurations will not be deleted in this process)

Next >   Cancel

Android Studio Setup

Choose Start Menu Folder
Choose a Start Menu folder for the Android Studio shortcuts.

Select the Start Menu folder in which you would like to create the program's shortcuts. You can also enter a name to create a new folder.

Welcome

Android Studio

Welcome back! This setup wizard will validate your current Android SDK and development environment setup. You will have the option to download a new Android SDK or use an existing installation. Once the setup wizard completes, you can import an existing Android app into Android Studio or start a new Android project.
